## BrainConnects 2014: NCGG/JSPS NTU/NUS Joint Research Collaboration Workshop

	1st August 2014, Friday		
Location	Lectures and Talks at National University of Singapore (NUS), Seminar room 2, Centre for Life Sciences (CeLS)		
Session Chair: Dr. Annabel Chen Speaker	Title	Time	
•			
Dr. Annabel Chen (NTU)	Welcome and Overview	09:30 - 09:40	
Keynote Lecture			
Dr. Toshiharu Nakai (NCGG)	Keynote speech (I): Brain Activation of Aging Brain	09:40 - 10:20	
Focused Lecture			
Dr. Tetsuya lidaka (Nagoya Uni.)	Resting State Brain Connectivity and Disease Classification	10:20 - 11:00	
	TEA BREAK	11:00 - 11:20	
Session Chair: Dr. Sachiko Kiyama			
Focused Lecture			
Dr. Epifanio Bagarinao (Nagoya Uni.)	Learning to Control Pain: Neural Processes Underlying Cognitive Modulation of Acute Pain	11:20 - 12:00	
Dr. Yu Sun (NUS)	Disrupted Topology of Functional Brain Network in Amnestic Mild Cognitive Impairment and Alzheimer's Disease: A Graph Theoretical Approach	12:00 - 12:25	
Guest of Honor Dr. Nitish V. Thakor (NUS)	Guest of Honor speech	12:25 - 12:50	
Distriction (1100)	Cubic of Fiorier operation	12.20	
	LUNCH BREAK	12:50 - 13:40	
Session Chair: Dr. Julian Lim			
Dr. Fumihiko Taya (NUS)	Graph Theoretic Approach to Functional Network: Information Transfer Efficiency During Rest and Task	13:40 - 14:05	
Dr. Mitsunobu Kunimi (NCGG)	Investigation of Age-related Changes in Blood Oxygenation Level Dependency Signals During the Working Memory Task using functional MRI	14:05 - 14:30	
Dr. Yuichi Riku (Nagoya Uni.)	Comparative Study on TDP-43-related Frontotemporal Lobar Degeneration and Alzheimer's Disease with Clinical Frontotemporal Dementia	14:30 - 14:55	
	End of Lectures and Talks		

## BrainConnects 2014: NCGG/JSPS NTU/NUS Joint Research Collaboration Workshop

Location  Lectures and Talks at Nanyang Technological University (NTU) School of Humanities and Social Sciences (HSS), Seminar room 7  Session Chair: Dr. Belle Yick Speaker  Title  Time  Keynote Lecture Dr. Annabel Chen (NTU)  Keynote Speech (II): Age-related Changes in Functional Network Connectivity  Focused Lecture Dr. Atsunobu Suzuki (Nagoya Uni.)  The Role and Nature of Perception and Learning in the Judgment of Others' Trustworthiness  TEA BREAK  10:50 - 11:15  Session Chair: Dr. Atsunobu Suzuki  Dr. Belle Yick (NTU)  Functional Connectivity Efficiency of Resting-state and Task fMRI Networks in Aging  Dr. Sachiko Kiyama (NCGG)  Age-related Decline in Functional Connectivity for Bimanual Finger Coordination  Dr. Julian Lim (NUS)  Towards a Brain-behavior Model of Emotional Effects on Moral Decision-making  Dr. Kaoru Amemiya (Keio Uni.)  Identification of Limb Selection Using Ongoing 12:30 - 12:55  Activity  LUNCH BREAK  12:55 - 13:55  Session Chair: Dr. Mitsunobu Kunimi  Mr. Yuichi Ito (Nagoya Uni.)  The Role of the Anterior Temporal Lobe in Episodic Future Thinking: A Computational Exploration  14:20 - 14:45  Dr. Toshiharu Nakai (NCGG)  Workshop Closing Remarks  14:45 - 15:00	2nd August 2014, Saturday			
Session Chair: Dr. Belle Yick         Title         Time           Keynote Lecture         Nanabel Chen (NTU)         Keynote Speech (II): Age-related Changes in Functional Network Connectivity         09:30 - 10:10           Focused Lecture         The Role and Nature of Perception and Learning in the Judgment of Others' Trustworthiness         10:10 - 10:50           TEA BREAK         10:50 - 11:15           Session Chair: Dr. Atsunobu Suzuki           Dr. Belle Yick (NTU)         Functional Connectivity Efficiency of Resting-state and Task fMRI Networks in Aging         11:15 - 11:40           Dr. Sachiko Kiyama (NCGG)         Age-related Decline in Functional Connectivity for Bimanual Finger Coordination         11:40 - 12:05           Dr. Julian Lim (NUS)         Towards a Brain-behavior Model of Emotional Effects on Moral Decision-making         12:05 - 12:30           Dr. Kaoru Amemiya (Keio Uni.)         Identification of Limb Selection Using Ongoing Activity         12:30 - 12:55           Session Chair: Dr. Mitsunobu Kunimi           Mr. Yuichi Ito (Nagoya Uni.)         The Role of the Anterior Temporal Lobe in Episodic Future Thinking: A Computational Exploration         13:55 - 14:20           Ms. Eng Goi Khia (NTU)         Investigating the neural basis in obsessive compulsive disorder         14:45 - 15:00	I OCATION			
Keynote Lecture       Dr. Annabel Chen (NTU)       Keynote Speech (II): Age-related Changes in Functional Network Connectivity       09:30 - 10:10         Focused Lecture         Dr. Atsunobu Suzuki (Nagoya Uni.)       The Role and Nature of Perception and Learning in the Judgment of Others' Trustworthiness       10:50 - 11:15         TEA BREAK       10:50 - 11:15         Session Chair: Dr. Atsunobu Suzuki         Dr. Belle Yick (NTU)       Functional Connectivity Efficiency of Resting-state and Task fMRI Networks in Aging       11:15 - 11:40         Dr. Sachiko Kiyama (NCGG)       Age-related Decline in Functional Connectivity for Bimanual Finger Coordination       11:40 - 12:05         Dr. Julian Lim (NUS)       Towards a Brain-behavior Model of Emotional Effects on Moral Decision-making       12:05 - 12:30         Dr. Kaoru Amemiya (Keio Uni.)       Identification of Limb Selection Using Ongoing Activity       12:30 - 12:55         LUNCH BREAK       12:55 - 13:55         Session Chair: Dr. Mitsunobu Kunimi         Mr. Yuichi Ito (Nagoya Uni.)       The Role of the Anterior Temporal Lobe in Episodic Future Thinking: A Computational Exploration       13:55 - 14:20         Ms. Eng Goi Khia (NTU)       Investigating the neural basis in obsessive compulsive disorder       14:20 - 14:45         Dr. Toshiharu Nakai (NCGG)       Workshop Closing Remarks       14:45 - 15:00	Session Chair: Dr. Belle Yick			
Dr. Annabel Chen (NTU)  Keynote Speech (II): Age-related Changes in Functional Network Connectivity  Focused Lecture  Dr. Atsunobu Suzuki (Nagoya Uni.)  The Role and Nature of Perception and Learning in the Judgment of Others' Trustworthiness  TEA BREAK  10:50 - 11:15  Session Chair: Dr. Atsunobu Suzuki  Dr. Belle Yick (NTU)  Functional Connectivity Efficiency of Resting-state and Task fMRI Networks in Aging  Dr. Sachiko Kiyama (NCGG)  Age-related Decline in Functional Connectivity for Bimanual Finger Coordination  Dr. Julian Lim (NUS)  Towards a Brain-behavior Model of Emotional Effects on Moral Decision-making  Dr. Kaoru Amemiya (Keio Uni.)  Identification of Limb Selection Using Ongoing Activity  LUNCH BREAK  12:55 - 13:55  Session Chair: Dr. Mitsunobu Kunimi  Mr. Yuichi Ito (Nagoya Uni.)  The Role of the Anterior Temporal Lobe in Episodic Future Thinking: A Computational Exploration  Ms. Eng Goi Khia (NTU)  Investigating the neural basis in obsessive compulsive disorder  Dr. Toshiharu Nakai (NCGG)  Workshop Closing Remarks  14:45 - 15:00	Speaker	Title	Time	
Dr. Atsunobu Suzuki (Nagoya Uni.)  The Role and Nature of Perception and Learning in the Judgment of Others' Trustworthiness  TEA BREAK  10:50 - 11:15  Session Chair: Dr. Atsunobu Suzuki  Dr. Belle Yick (NTU)  Functional Connectivity Efficiency of Resting-state and Task fMRI Networks in Aging  Dr. Sachiko Kiyama (NCGG)  Age-related Decline in Functional Connectivity for Bimanual Finger Coordination  Dr. Julian Lim (NUS)  Towards a Brain-behavior Model of Emotional Effects on Moral Decision-making  Dr. Kaoru Amemiya (Keio Uni.)  Identification of Limb Selection Using Ongoing Activity  LUNCH BREAK  12:55 - 13:55  Session Chair: Dr. Mitsunobu Kunimi  Mr. Yuichi Ito (Nagoya Uni.)  The Role of the Anterior Temporal Lobe in Episodic Future Thinking: A Computational Exploration  Ms. Eng Goi Khia (NTU)  Investigating the neural basis in obsessive compulsive disorder  Dr. Toshiharu Nakai (NCGG)  Workshop Closing Remarks  10:10 - 10:50  11:40 - 10:50  11:40 - 12:50  11:40 - 12:05	•		09:30 - 10:10	
Dr. Atsunobu Suzuki (Nagoya Uni.)  The Role and Nature of Perception and Learning in the Judgment of Others' Trustworthiness  TEA BREAK  10:50 - 11:15  Session Chair: Dr. Atsunobu Suzuki  Dr. Belle Yick (NTU)  Functional Connectivity Efficiency of Resting-state and Task fMRI Networks in Aging  Dr. Sachiko Kiyama (NCGG)  Age-related Decline in Functional Connectivity for Bimanual Finger Coordination  Dr. Julian Lim (NUS)  Towards a Brain-behavior Model of Emotional Effects on Moral Decision-making  Dr. Kaoru Amemiya (Keio Uni.)
